## RIOT IN PENITENTIARY

Desperate Convicts Try to Regain Liberty

AT KENTUCKY PRISON

ONE OF THEM SHOT WHILE BEING TAKEN.

Took the Warden Four Hours to Recapture Them - Convicts

Were Armed.

FRANKFORT, Ky., August 20.-The officials of the state penitentiary and the citizens of Frankfort were thrown into a state of wild excitement this morning by a riot in the prison, started by an attempt on the part of three desperate murderers to regain their liberty. They were Lafayette Brooks of Morgan county and Wallace Bishop and T. Mulligan of Kenton county. The riot, which began at 6 o'clock and lasted until after 10 o'clock, was quelled and the mutinous convicts were captured,

The rioting started while Brooks, Mulligan and Bishop, one of whom had a pistol concealed about his person, were coming out of the dining room to answer a hospital call. Suddenly one of the convicts drew a weapon and compelled Guard A. H. Gill to give up his arms. Guard F. F. Hurst, who rushed to Gill's assistance, was also captured by the convicts. Captain Mat Madi-gan, acting warden, then rushed forward with six guards and fired on the bunch, but no one was wounded.

#### They Capture a Foreman.

The convicts then ran across the yard and at the entrance to the reed department of the chair factory captured Charles Willis

At a window they stationed Willis and Brooks with a revolver in his hand, took a position just beside the captive, resting the muzzle of the weapon on the foreman's side. The convicts then defied Warden Lil-lard to attempt to capture them, shouting that they would kill the foreman at the

By this time several hundred citizens, many of them heavily armed, had gathered at the prison gates, but the warden denied admission to all. He issued orders for all the shops to close and for all the prisoners to be returned at once to their cells. He then placed a guard of sixty men around speradoes had arricaded themselves and called on them to surrender. The convicts' only reply was a faunt. When Bishop fell Mulligan and Brooks sank to knees, begging the warden to save their lives, and at 10:30 o'clock the two desperadoes, heavily shackled and accompanied by ten men with drawn pistols, were placed in their cells, and quiet had been re-

Steamship Arrival. 'At New York-Oceanic, from Liverpool. FEAR OF THE BLACKS NEW SITUATION IN SOUTH AFRICA

New Colonies Are at the Mercy of the Natives - British Rule Ineffective.

CAUSES UNEASINESS.

LONDON, August 20 .- Mail advices re ceived here from Johannesburg indicate that the negro problem is growing more acute, and is causing the authorities infinite worry. To quote the words of one of the foremost South African authorities:

"On the question of the natives depends the whole future of the new colonieswhether the Boers will loyally accept British rule or continue in a state of sullen resentment. Among the immediate dangers native attacks on Boers returning to their farms and attempts of natives to assault white women are threatening to lead to serious conflicts between Boers and blacks. Under the old regime the crude but simple retribution for assaults on women was shooting on sight. Now, however, there is no legislation on the subject, and the English authorities are hesitating to enact laws 'until all the parties concerned can voice their opinions.' The hesitancy to deal sum marily with the natives is causing both Boers and Afrikanders intense irritation and encourages the blacks to truculent ef

"Another phase of the problem is the un willingness of the blacks to forego their lazy existence in the concentration camps where thousands were gathered during the war, and far more serious is the fact that great number of blacks in the countries managed to secure arms. There is therefore, the anomalous situation of un armed whites and armed blacks living in proximity on outlying farms. Experienced British colonials strongly favor universal disarmament of the natives and prompt legislation making assaults on women a capital offensa."

UTRECHT, Holland, August 20.—The Boer generals, Botha, De Wet and Delarey, accompanied by Dr. Leyds and Messrs, Fischer, Wessels, Wolmarans and Reitz and others, arrived here today from The Hague to visit former President Kruger and consult with him on the South African situation. The large crowds assembled at the railroad station and in the streets warmly applauded the Boers. The spectators at the station sang the Boer national anthem.

#### A NEW POINT RAISED.

Sailors' Union Protest Against Re-

shipping a Chinese Crew. The steamer Pekin of the Pacific Mail Steamship Company became disabled some time ago off the coast of Japan and put nto the port of Kobe, Japan, for repairs, The Chinese crew of the vessel, which had been engaged at Hong Kong, has been sent by the steamer Gagic to San Fran cisco to reship on the newly built steamer Korea, now on its way to San Francisco from Newport News, where she was built. The Sailors' Union of San Francisco proested against permitting the crew to be reshipped at San Francisco, but after a long hearing the collector at San Francisco. hearing the collector at San Francisco and the commissioner of immigration here decided that there was nothing in the immigration laws to prevent the crew going on the new vessel. The Saliors Union, however, has raised a new point. This is that the Chinese sailors must, according to the navigation laws, sign new contracts San Francisco before sailing on the Korea. The signing of these contracts on American soil would be in violation of the alien contract labor law, it is claimed. The point has caused the immigration officials here to telegraph for more facts, as the

There has been no disturbance of the relations between the two men, and there is nothing in this direction to cause a change in the program of a visit to Rockland; but the matter is exciting interest, at

# WANTS TO BE SENATOR

Gen. Alger Makes a Formal Announcement.

#### RECEPTIVE CANDIDATE

HE WILL NOT MAKE AN ACTIVE CANVASS.

Will Take His Chances With the Legislature-He Declines to Be Interviewed.

DETROIT, August 20.-General Russell A. Alger, former Secretary of War, issued a statement this afternoon announcing himself a receptive candidate for the United States Senate from Michigan to succeed the late James McMillan. He says that while he will not seek election as Senator McMillan's successor, he will accept the office if the people of the state through the legislature see fit to elect him to it. The statement is as follows:

"DETROIT, August 20. "I will not seek the appointment or election to the office of United States Senator to fill the vacancy caused by the death of Senator McMillan. The office and honor are too great to be thus gained. Should, however, the people of Michigan, through their legislature, see fit to elect me to that high office, I will accept it and fill it to the best of my ability.

"To the friends who have so kindly expressed a desire to have me thus chosen as their representative I wish to tender my grateful thanks. "R. A. ALGER."

Gen. Alger declined to be seen by newspaper men after the statement had been issued, sending word that he had nothing further to say. A note asking him "Will you make an

effort to secure the election of members of the legislature favorable to your senatorial candidacy?" was sent to him in his private office. In reply the general sent word that he could answer no questions at

## CANDIDATE CROWLEY.

Denies Democratic Disaffection in His District.

Democratic headquarters in this city have received advices from Representative Jas. B. Crowley, who is the candidate of his party for Congress from the new twentythird Illinois district, to the effect that the reported democratic disaffection does not exist. Before the convention there was a most strenuous fight on the part of several prominent democrats to beat Crowley for the nomination. Among these was a Mr. Jennings, a cousin to William Jennings Bryan, and since the nomination, which was secured by Mr. Crowley, he reports that he has had assurances from his former opponents that they will support the ticket. The district is figured to be about 7,000 democratic majority, and Mr. Crowley seems to think that the stories that the republicans are figuring on winning the district are a waste of good newspaper space.

#### THE VENEZUELAN TROUBLE. Blockade is Declared to Be Ineffici-

ent. A cable dispatch was received last night at the Department of State from Minister Bowen, dated Caracas yesterday, in which he reported that the government forces had evacuated Cumana the previous night. He further stated that he had been informed that Germany, France and Great Britain, through their representatives at Caracas, had jointly characterized the Venezuelan declaration of blockade as inefficient, whereupon the government asked for proof and suggested that merchant vessels be sent to test the efficiency of the blockade. Minister Bowen has informed the Venezue-lan foreign office that the policy of the United States is not to recognize a block-ade found inefficient and to this announcement no objection was made, the minister acknowledging it to be sound.

## SITUATION IS UNUSUAL

FIGHT ON SENATOR QUAY IS ENDED.

He Now Seems to Be the Undisputed Leader of the

Special From a Staff Correspondent.

PHILADELPHIA, August 20.-Pennsylvania is presenting a curious spectacle now. This state for the past ten years has been the center of factional disturbance within the republican party. There has not been a campaign, national or state, within the memory of the average politician when Pennsylvania has not shown up with a factional quarrel. For the past five years or so it has been mainly a fight against Senator Quay. The contest has raged at times to a degree which seemed to threaten the very life of the party. But somhow the factions usually have got together on election day and patched up their differences so the republican ticket was elected. That seems to be something of a general rule among the republicans. Apparently

internal quarrels to the point of letting down the bars for the enemy.

But the present situation in Pennsylvania is unique. The warfare within the party has raged with feroclous vigor up to this time. Six months ago one would have thought that nothing on top side of earth could ever pacify the factional differences of the republican party in Pennsylvania. There was nothing in the vocabularly too harsh to be applied to Senator Quay and his followers. The retort courteous was never thought of and the other side were branded in terms most opprobrious. The Pennsylvania press was divided and epithets that would make the average man quail were freely bandled between the two

#### Situation Has Changed.

But a remarkable change has come over the spirit of their dreams. The lion and the lamb are reposing peacefully together drinking not blood, but the mildest pap from the same source.

Senator Quay, as usual, came out victor. It is difficult to tell what has brought about this conditional harmony. Some people say that Senator Quay's opponents have simply worn themselves out whipping him. That the "old man" is on top is undiputed. For instance, the Philadelphia Press for several years has been the outspoken foe of Senator Quay. Under the present condition ennsylvania Mr. Charles Emory Smith, the distinguished editor of the Philadelphia Press, is to take the stump this fall in behalf of the state ticket. It might be remarked in passing that the aforesaid state ticket was named by Senator Quay. also a subject of comment that one Philadelphia paper which has been the consisten advocate of Senator Quay through thick and thin has now deserted him. But the recruits which the senator has gained from his former enemies will more than offset that desertion.

The situation in Pennsylvania is distinctly advantageous to the republicans, for the congressional as well as the state ticket. This burying of the hatchet on the part of state factions may save Pennsylvania

That is still problematical If the great labor struggle can be settled between now and election day the republican prospects for the state and congressional ticket are good. If there should be a series of serious rlots no one can tell what the outcome will be for the state and congressional ticket. At this time, however, when the republi-

Mr. Morgan declined to be interviewed,

Bishop Potter said he had had a delightful trip abroad, but was glad to get home. "I am surprised and sadly disappointed to find the coal strike still unsettled," he continued. "It is certainly too bad that it has not been settled long since. I supposed it was all over, and the news of its continuation which greets me here is the one dark spot on a most joyous home-coming. The anthracite coal operators have all along maintained a false position. They take the stand that they will not deal with the organizations, but insist on dealing with the men as individuals. Now, this leads men as individuals. Now, this is all wrong, Any body of men whose interests are common have the right to organize into an association for mutual protection and are entitled to recognition as an organization in matters which affect their individual and combined interests."

Clement A. Griscom said: "I do not know when the steamship com-bine will be incorporated. When I went away everything was ready for its incorporation, so I expect it will take place very

"Has the Cunard Line entered into the combination?" was asked.

#### GREAT GEOLOGICAL FIND. Prcf. Merriam Will Aid in Developing

Furlong's Discovery. BERKELEY, Cal., August 20 .- So important are the recent discoveries of the University of California's geological department in the limestone caves on the McCloud river, in Shasta county, that Prof. John C. Merriam, head of the palentology work, will join Student-Assistant Eustace Furlong, who is on the scene, digging into

the precious deposits.

Prof. Merriam believes that Furlong has discovered a "fissure cave" and that to fill this crevice in the earth has taken thousand of years. In this case the discoveries will lead back to an indefinite period, and the successive layers of soil and gravel will prove a veritable storehouse of geo-
